All these people have knowledge of what has been done.

Queensland is a constitutional monarchy with the Queen as head of state, and the Governor is the Queen's representative in Queensland. The Queen must personally sign the Governor's document of appointment, and this document—the Governor's commission—is sealed with the Public Seal of the State. (the "State") = Executive Government

A sovereign is a king, queen or other monarch. At present Her Majesty Queen Elizabeth II is the Queen of Australia.

The above six Treasonous so-called Queensland Governors all sold their souls to the Political Party Treason. All appointed by the "Public Seal of the State" therefore, under the abstract entity Queen of Australia. The ("State") = executive Government now called the "Crown" = Total Treason. Therefore all six so-called Governors sit in Total Treason. These so-called Governors have No Crown and Constitutional Authority to give Royal Assent. All State Parliaments tell us; all Acts from 1986 forward are only purported Acts with purported enactments. **Note: Oxford Dictionary: "purport v. appear to be or do, especially falsely"** Walter Campbell was the so-called Governor that sold his soul to the Treasonous Political Parties and enacted their Treasonous, **Australia Acts (Request) Act 1985 No 69** and purportedly gave it Royal Assent.

Legal Fraternity (Liars) the dumbest of the purported educated

We congratulate you on your admission to the legal profession.

You have become what we term "officers of the court". "That terminology reflects your predominant duty, to the court and the administration of the law, a duty which predominates over the duty to the client and is important to the court's discharge of its role – the delivery of justice according to law. That designation also reflects the reality that you owe your professional legitimacy to the court: it is the court which admits you, and it is the court which will as necessary impose sanctions for ethical dereliction.

THE JUDICATURE. Page 725

GUARDIAN OF THE CONSTITUTIONS

The High Court, is the "guardian of the Federal Constitution;" that is to say, it has the duty of interpreting the Constitution, in cases which come before it, and of preventing its violation. But the High Court is also the guardian of the Constitutions of the several States; it is as much concerned to prevent encroachments by the Federal Government upon the domain of the States as to prevent encroachments by the State Governments upon the domain of the Federal Government.
